

Delica Beads by Bead Type and Finish

Thanks go to Barbara E. Elbe for graciously allowing me to use the bead information she put together. For downloadable tables (pdf) showing Delica beads sorted by finish and color, visit her website at www.beadedimages.com.

BEAD TYPE AND FINISH EXPLANATION

Opaque	Light is not visible through bead
Opaque AB or Iris	Aurora Borealis – permanent iridescent or rainbow finish
Opaque Luster	Shiny finish: transparent high gloss, silver or gold coating
Opaque Metallic	Metalized finish
Opaque Metallic Iris	Rainbow finish
Opaque Matte	Tumbled or glass etched to eliminate shine
Opaque Matte AB	Rainbow finish
Opaque Metallic Matte	Metalized finish
Opaque Dyed	Dyed exterior color, usually very bright colors. May change or fade with dry cleaning.
Opaque Dyed Matte	Tumbled or glass etched to eliminate shine
Opaque Galvanized	Thin metalized surface coating. Friction from rubbing may cause finish to rub away
Opaque Galvanized Iris (22k gold)	Iris – rainbow finish similar to AB
Opaque Galvanized Matte	Thin metalized surface coating with a matte finish
Opaque Galvanized Semi-Matte	Thin metalized surface coating, soft matte finish
Transparent	Allows light to pass through
Transparent Luster	Shiny finish: Transparent high gloss, silver or gold coating
Transparent AB or Iris	Permanent rainbow outer finish
Transparent Matte	Tumbled or glass etched to eliminate shine
Transparent AB Matte	Permanent rainbow finish
Transparent Dyed	Dyed exterior color, usually very bright colors
Transparent Dyed Matte	Tumbled or glass etched to eliminate shine
Transparent Satin	Transparent bead with a soft matte finish
Transparent AB Satin	Transparent bead with a permanent rainbow finish
Transparent S/G/C Lined	Transparent bead with a Silver, Gold or Copper metallic lining on inner hole surface
Transparent S/L or Opal Semi-Matte	Transparent bead with a Silver or Opalescent metallic lining. Soft matte finish
Transparent S/L Inside Color AB	Transparent bead with silver or gold coating on hole surface. Time/sun exposure may cause fading.
Transparent S/L Inside Color AB	Transparent bead with color coating on hole surface, permanent rainbow outer finish
Translucent Ceylon /Pearl/Opal	Shiny pearlescent coating on semi-transparent (translucent), usually pastels
